|-------------------------|----------------------|
| a. tremendously, attend | b. exceedingly, have |
| c. usually, joined      | d. extremely, took   |
- 

**Direction (Q. 37 to Q. 40):** Read the passage carefully and answer the question that follows:

Global Warming is a term almost everyone is familiar with. But, its meaning is still not clear to most of us. So, Global warming refers to the gradual rise in the overall temperature of the atmosphere of the Earth. There are various activities taking place which have been increasing the temperature gradually. Global warming is melting our ice glaciers rapidly. This is extremely harmful to the earth as well as humans. It is quite challenging to control global warming; however, it is not unmanageable. The first step in solving any problem is identifying the cause of the problem. Therefore, we need to first understand the causes of global warming that will help us proceed further in solving it.

Global warming has become a grave problem which needs undivided attention. It is not happening because of a single cause but several causes. These causes are both natural as well as manmade. The natural causes include the release of greenhouses gases which are not able to escape from earth, causing the temperature to increase. Further, volcanic eruptions are also responsible for global warming.

## Unicus English Olympiad (UEO)

After that, the excessive use of automobiles and fossil fuels results in increased levels of carbon dioxide. In addition, activities like mining and cattle rearing are very harmful to the environment. As stated earlier, it might be challenging but it is not entirely impossible. Global warming can be stopped when combined efforts are put in. For that, individuals and governments, both have to take steps towards achieving it. We must begin with the reduction of greenhouse gas.

Furthermore, they need to monitor the consumption of gasoline. Switch to a hybrid car and reduce the release of carbon dioxide. Moreover, citizens can choose public transport or carpool together. Subsequently, recycling must also be encouraged.

37. Out of given alternatives, select the word most similar to the word 'hybrid'.

- |            |              |
|------------|--------------|
| a. amalgam | b. modern    |
| c. hi-tech | d. expensive |
- 

38. According to the passage what should be the first step to solve a problem?

- |                              |   |
|------------------------------|---|
| a. to understand the problem | b. to identify the cause of the problem   |
| c. to think of the solution  | d. to identify how intense the problem is |
- 

39. Which of the following statements is not true according to the given passage?

- A. Global warming means gradual rise in the overall temperature of the atmosphere of the Earth.
- B. Greenhouse gases which are not able to escape from earth, is a manmade cause of global warming.
- C. Switching to hybrid cars and reducing the release of carbon dioxide might be a solution to global warming.

- |           |                    |
|-----------|--------------------|
| a. only A | b. only B          |
| c. only C | d. all are correct |
- 

40. To stop global warming \_\_\_\_\_.

- a. consumption of gasoline should be encouraged
  - b. we should plant more trees
  - c. People should start using hybrid cars
  - d. both a and c
- 

## Scholar Section (Each Question is 2 Marks)

41. Out of the given alternatives, find out grammatically incorrect sentence/sentences:
